

## Strategic partnership project "School Education Against Climate Change" (SEAC) 2021-1-ES01-KA220-SCH-000023837

While autumn leaves are falling in the most parts of Europe, the strategic partnership project **"School Education Against Climate Change" (SEAC)** is moving forward within its 1st stage. The partners begin to work with the focus groups setting dialogues with youth and educators from various schools.

The material to be used was discussed at the kick-off meeting that was held on **July 20-22 2022** in a beautiful city **Salamanca, Spain** for partners from Spain, Portugal and Romania.

During the meeting the project coordinator BB&R presented the main milestones and management of the project. The Northern Europe partners More Mosaic, Sweden and S.A.F.E. Projects, the Netherlands took part in the meeting online.

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Education and Culture Executive Agency (EACEA). Neither the European Union nor EACEA can be held responsible for them.

Have a look at the partners' consortium to learn more about their various projects and activities:

**Biderbost, Boscan & Rochin, SL (BB&R)** is an international consulting company with an outstanding track record in corporate social responsibility in the field of youth. BB&R headquarters are in Salamanca (Spain), university center of excellence in southern Europe. Its staff consists of ten young professionals from various cultures and disciplines. BB&R have carried out projects for different international organisations (European Union, EU-LAC Foundation, InterAmerican Development Bank, United Nation Development Programme, World Bank, International Organization for Migration), NGOs and government agencies (Spain, Brazil, Norway, Canada, Bulgaria, UK). BB&R seeks to add value by incorporating tools and strategies that train young people and youth workers with skills for successful integration into the labor market and active civic life. For lifetime achievement, BB&R has been awarded by the Chamber of Commerce of Peru in Spain with the "Award for Best Business Initiative in Spain" (2015).

**ASPAYM Castilla y León Foundation** starts working on 2004, twelve years after the establishment of ASPAYM in the region of Castilla y León. Its main aims are to promote autonomy, equal rights and opportunities and to increase quality of life of people with physical disabilities, allowing them a significant integration among the society. In addition, ASPAYM CyL seeks to be a leading association, providing its target users with the tools to achieve that mission. That goal is reached thank to the quality of its programs and activities, the research and the proper use of new technologies. The organization, and also the youth department, has headquarters in different cities in Castilla y León, with a special emphasis on rural areas. It includes Ávila, Burgos, Camponaraya (León), Cubillos del Sil (León), León, Matapozuelos (Valladolid) Palencia, Paredes de Nava (Palencia), Segovia, Valladolid y Villadiego (Burgos).

**Rosto Solidário (RS)** is a Portuguese NGOD (non-governmental organization for the development), established in 2007. RS work aims to foster global citizenship and solidarity by enhancing local communities' human and social development.

RS core principles are civic participation, social integration, solidarity, networking and partnership. The organization scope of work includes four main areas: International Development Cooperation, Global Citizenship Education, Volunteering and Family-based Social Support. Gender Equity, Human Rights and Social Inclusion are addressed as cross-cutting issues.

**Lorelay Primary School** is a private school, founded in 2009, in Iasi, a town situated in the East part of Romania. Our school is focused on finding different active methods for teaching, in order to help our students achieve the curriculum goals. We also focus on teaching foreign languages from a young age, motivating pupils to take an

active part in their development. We like to rely our teaching on Multiple Intelligences Theory, aiming to develop the children as a whole and we are interested in teaching the subjects trans-curricular. We also consider the integration of ICT in teaching as being very important from early age and we've been already involved for some years, in eTwinning projects aimed to use devices in classroom. We are a Cambridge evaluation sub-center for Young Learners and we organize Cambridge Exams for primary school pupils. Our mission is to develop in kids critical thinking, joy, motivation, respect, creativity, autonomy, tolerance and acceptance. Games are the best exercise when working with kids!

**More Mosaic** is a non-governmental organization based in Stockholm, Sweden. Its aims are to promote academic, cultural and political exchange, to participate in the discussion about European citizenship and to serve as a platform for meaningful collaboration between Sweden, EU and other actors beyond former geopolitical borders. Updating without losing its origins, More Mosaic's mission is the exchange of best practices with other countries' civil society's representatives, the spread of democratic principles and the involvement of youth workers in activities enhancing the European Union's values.

The organization of **S.A.F.E. (Sustainable Attitude For Environment) Projects** is a social enterprise that focuses on adults, youth, and community training. Activities are based on consultancy, research, and expert activities in European education systems. We are working with migrant women, women who need encouragement, youth, sustainability in a broad sense, and civic engagement topics. S.A.F.E. projects link to local, national, and international contexts and is committed to stimulating development and change in educational, cultural, economical, and ecological spheres through the creation and use of innovative tools and methods based on sustainability.

Co-funded by  
the European Union
