

## **Strategic partnership project "School Education Against Climate Change" (SEAC) 2021-1-ES01-KA220-SCH-000023837**

During March 2024 all partners of the Strategic partnership project 'School Education Against Climate Change' met for the final transnational meeting in Valladolid, Spain. The meeting was hosted by ASPAYM Castilla y León.

The participants discussed the results and highlights of the project, made contributions to the dissemination report and the final report.

All meetings' participants took part in the Multiplier Event organised for the 2nd year students of primary education at the campus of the University of Valladolid in a neighboring town - Palencia.

During the three hour long event, the attendees got acquainted with the project, Youth Goal 10 and SDG 13, the variety of the developed tools and games as well as their application in education and everyday life.
